## Retail Price List Fall 1922

Boxed or Baled, f. o. b. Pomona, N. C.

Terms: 5 per cent discount for cash with order, or 30 days net. Financial references required of persons opening accounts.

Prices noted herein are as low as well-grown plants can be produced. A good plant usually cannot be grown in one or two seasons, and the term one-year or two-year-old, and heights given, such as 18-24 inches, 2-3 feet, are usually very misleading. A *Spirea van Houttei*, one year old may be 3-4 feet high, but it should not be compared in price or value to a well-grown plant of the same height carrying from 15 to 25 branches and frequently transplanted. Prices quoted are for extra heavy transplanted stock.

# Plant Something

Consider the increased value of a home with well planted surroundings

- 2 Ligustrum Lucidum on either side of steps
- 6 Abelia Grandiflora; 3 on either corner
- 10 Low growing shrubs
- 10 Tall growing shrubs
- 2 Clematis Paniculata for porch vine
- 2 Sugar Maples for shade trees

The entire cost of improving the grounds around this home was about \$100. The plants used cost less than one-half this amount. Send us a kodak picture and measurements; we will send you a planting plan free.

Lindley's Landscape Department stands willing and glad to assist you in any way desired—whether you simply want prices on planting materials, and advising you just what plants will be most suitable for different locations and soils; or working out for you a planting suggestion for your entire lawn—showing locations, suggesting varieties to be used, submitting an estimate of the cost—and we strive always to render prompt, efficient, and courteous attention to each request.

South entrance, Irving Park, Greensboro, N. C. Sugar Maples planted along the drives. For shade and foliage effect, they are the best and most popular trees.

In selecting plants for your lawn or premises, you are not planting for a day or year, but possibly a lifetime. Not only your own comfort and pleasure should be considered, but the passerby, your neighbor, each and all, are interested and pleased at the sight of beautiful yard embellishments—topographic aspect, outlines general design, adaptability of plants to soil, and, in brief, a comprehensive plan that embodies the practical with the æsthetic, the finished picture.

We do not recommend Coniferous Evergreens for foundation planting in the South. Use for screens and specimens.

## LINDLEY'S EVERGREEN LAWN GRASS SEED

PRICES, NET: 1 to 10 lb., at 45 cents per lb.; 15 to 40 lb., at 40 cents per lb.; 50 to 100 lb., at 35 cents per lb.

Only ten feet across, but as the space was carefully handled by the landscape man, this building at Dacotah Cotton Mills, Lexington, N. C., looks as though it really grew on the spot.

# AN INVITATION TO POMONA

Above—Entrance to Office, Nursery Grounds and Greenhouses.  
Below—Greenhouse Plant.

Our nurseries are located just west of Greensboro, on the Greensboro-Winston-Salem asphalt highway. A cordial invitation is extended to every home owner and planter to visit us and make personal selections from our large stock of high-grade plants. If you cannot visit us in person, we shall be pleased to answer by mail any inquiries about the trees and shrubs we offer. Our catalogue, containing complete descriptions and giving many helpful hints on landscape gardening and fruit growing, will be sent free on request.
